Our primary goal is to teach the fundamental skills necessary to enjoy the game of tennis at a more developed and advanced level through exciting and fun court experiences.

## Beginner Development (ages 5-7)

Beginning level players are introduced to the fundamentals of racket control, hand/eye coordination, stroke mechanics, body control, and court movement. Through fun and exciting games and drills, the objective is to "hook" youngsters onto the game of tennis. Our aim is for providing fun & motivational experiences that build the most basic foundations of the game.

## Junior Rally (ages 8-10)

Students are introduced to the proper techniques of all strokes, including forehand, backhand, serve, volley, overhead, and specialty shots. Students will be exposed to competitive play through games, drills, and match play with others. The objective is to allow students to have FUN while preparing to compete against other players.

## Junior Competitive (ages 11+)

Intermediate to advanced level players find an atmosphere of fun and competitive playing. This group stresses drilling, competitive games, and match play while maintaining a thorough focus on proper fundamentals and techniques necessary for skill improvement. The objective is to ensure that players are "court" wise and are able to enjoy themselves when put in competitive situations against other players.

# About Boating Safely

## 2015 Certification Classes

**Safety on the water** is the reason everyone should take the basic course presented in this area by Flotilla 47, United States Coast Guard Auxiliary. Comprehensive courses include trailering and launching, rules of the road, aides to navigation, safety equipment and proper operation of small craft. Once successfully completed, the certificate meets New York State requirements for personal watercraft (PWC), such as a jet ski.

### Mandatory Education Requirements

New York requires that anyone operating a personal watercraft (jet ski boat) complete an approved course in boating safety or otherwise be accompanied, on board, by someone 18 years of age or older who is the holder of an approved boating safety certificate. Certificates are required to be carried at all times when operating the personal watercraft. An approved course of instruction includes an 8-hour classroom session and a proctored examination. Certificates issued by the U.S. Coast Guard Auxiliary and other approved agencies are acceptable alternative certification under state law. Previously issued young boater safety certificates, issued by the State of New York, are also acceptable. An operator who is the resident of another state or country and is the holder of a valid boating safety certificate issued pursuant to the laws of the operator's resident state or country is exempt from the NYS certification requirement. However, they must have the certificate with them when operating. The following individuals are exempt from the personal watercraft educational requirements: both U.S. and Canadian licensed commercial vessel operators, NYS certified boating instructors, certified instructors of the U.S. Coast Guard and the U.S. Power Squadrons, peace/police officers, fire/rescue personnel and lifeguards acting pursuant to their assigned duties. Remember, in order to operate a personal watercraft everyone must have a Safe Boating Course certificate approved by NYS.

## Hike Onanda

Onanda Park boasts more than two miles of hiking trails on over eighty acres located on the west side of County Rd. 16, about eight miles south of the City of Canandaigua.

Experience the varying land formations and flora within the park and visit the stations along the parks hiking trails. Nearly 200 species of birds have been recorded, deer abound and several other mammals that a keen observer might spot. The old fields, young woodlands, climax forests and shaded glens harbor hundreds of different species of flowering plants, ferns, shrubs, vines and trees. Encounter rustic benches along the hike and two

waterfall lookout decks: one with a covered seating area providing spectacular views of the gorge, waterfall and lake. The Onanda trails and trail structures have been developed in cooperation with the Conservation Department of Finger Lakes Community College. Park staff, FLCC faculty, and students have produced what exists today.

Stop by the gatehouse for a hiking guide.
